

**Section 1: Identification of the substance/mixture and of the company/undertaking**

- 1.1 Product identifier  
Trade name: Mobile X-ray products (Y.XMB)
- 1.2 Relevant identified uses of the substance or mixture and uses advised against  
Product use: X-ray inspection
- 1.3 Details of the supplier of the safety data sheet  
Company: YXLON International A/S  
Helgeshøj Alle 38  
2630 Taastrup  
Denmark  
  
Contact: T +45 72 40 77 00  
info@cph.yxlon.com  
  
Website: [www.yxlon-portables.com](http://www.yxlon-portables.com)
- 1.4 Emergency telephone number  
Emergency number: Use your national or local emergency number See section 4 "First aid measures"

**Section 2: Hazards identification**

- 2.1 Classification of the substance or mixture  
CLP 1272/2008  
This product is classified as articles under REACH and are not subject to the requirements for information in the supply chain (safety data sheets and labels)
- 2.2 Label elements  
Not classified.
- 2.3 Other hazards  
No additional information available.

**Section 3: Composition/information on ingredients**

- 3.1 Substance  
This chemical is contained in a sealed cylinder. Risk of exposure occurs only if the product is mechanically abused.
- 3.2 Mixture  
Not applicable.
- 3.3 Additional information  
See full text of H-phrases in chapter 16.

**Section 4: First aid measures**

- 4.1 Description of first aid measures
- General information: In case of emergency and doubts about the injured person's condition or if any symptoms continue please contact a doctor or the emergency room.
- Inhalation: Only relevant in case of Sulphur Hexafluoride leakage. Move the person to fresh air area and keep at rest in a position comfortable for breathing. If the person feels unwell or if in doubt seek medical advice/attention.
- Skin contact: Only relevant in case of Sulphur Hexafluoride leakage. Thaw frosted parts with lukewarm water. Do not rub affected area. Get immediate medical advice / attention.
- Eye contact: Only relevant in case of Sulphur Hexafluoride leakage. Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses, if present and easy to remove. Continue rinsing. Get immediate medical advice/attention.
- Ingestion: Ingestion is not considered a potential route of exposure.
- 4.2 Most important symptoms and effects, both acute and delayed  
None known
- 4.3 Indication of any immediate medical attention and special treatment needed  
Treat symptomatically

**Section 5: Firefighting measures**

- 5.1 Extinguishing media
- Suitable extinguishing media: Use extinguishing media appropriate for surrounding fire.
- 5.2 Special hazards arising from the substance or mixture
- The product is not flammable. May emit hazardous fumes under fire conditions, avoid inhalations.
- 5.3 Advice for firefighters
- Protection during firefighting: Standard protective clothing and equipment (e.g. self-contained breathing apparatus)

**Section 6: Accidental release measures**

- 6.1 Personal precautions, protective equipment and emergency procedures  
None known.  
In case of Sulphur Hexafluoride leakage, avoid inhalations of vapor and contact with eyes and skin.
- 6.2 Environmental precautions  
In case of Sulphur Hexafluoride leakage, try to stop release if safe to do so.
- 6.3 Methods and material for containment and cleaning up  
For containment: In case of Sulphur Hexafluoride leakage, try to stop release if safe to do so.  
Methods for cleaning up: Dispose of this equipment in accordance with local regulation.
- 6.4 Reference to other sections  
See section 13 Disposal considerations with regard to the handling of waste. See section 8 Exposure controls/personal protection for protective measure.

**Section 7: Handling and storage**

- 7.1 Precautions for safe handling  
Do not handle until all safety precautions have been read and understood. If in doubt, contact supplier.
- 7.2 Conditions for safe storage, including any incompatibilities  
Avoid mechanical abuse. Storage at high temperatures should be avoided.
- 7.3 Specific end use(s)  
This product should only be used for applications described in Section 1.2

**Section 8: Exposure controls/Personal protection**

- 8.1 Control parameters  
Not relevant.
- 8.2 Exposure controls  
Appropriate controls: No specific technical measures.  
Respiratory protection: Not necessary under conditions of normal use. Only relevant if leak of Sulphur Hexafluoride, seek fresh air.  
Hand protection: Not necessary under conditions of normal use. Only relevant if leak of Sulphur Hexafluoride.  
Eye protection: Not necessary under conditions of normal use. Only relevant if leak of Sulphur Hexafluoride.  
Body protection: Not necessary under conditions of normal use. Only relevant if leak of Sulphur Hexafluoride.  
Environmental exposure controls: Refer to local regulations for restriction of emissions to the atmosphere.

**Section 9: Physical and chemical properties**

9.1	Information on basic physical and chemical properties	
	Appearance:	Solid
	Color:	N/A
	Odor:	N/A
	pH:	N/A
	Boiling point (Sulphur Hexafluoride):	-62,55 °C
	Critical temperature (Sulphur Hexafluoride):	46,55 °C
	Viscosity:	N/A
	Solubility (Sulphur Hexafluoride):	Water 41 mg/l
9.2	Other information	
	Additional information (Sulphur Hexafluoride):	Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.

**Section 10: Stability and reactivity**

10.1	Reactivity	
	Stable product under normal conditions.	
10.2	Chemical stability	
	Stable under normal condition.	
10.3	Possibility of hazardous reactions	
	None known	
10.4	Conditions to avoid	
	Heating, mechanical abuse.	
10.5	Incompatible materials	
	None known	
10.6	Hazardous decomposition products	
	May emit hazardous fumes under fire conditions, avoid inhalations.	

**Section 11: Toxicological information**

11.1	Information on toxicological effects	
	Acute toxicity:	Not classified
	Skin corrosion/irritation:	Not classified
	Serious eye damage/irritation:	Not classified
	Respiratory or skin sensitization:	Not classified
	Germ cell mutagenicity:	Not classified
	Carcinogenicity:	Not classified
	Reproductive toxicity:	Not classified
	Specific target organ toxicity (single exposure):	Not classified
	Specific target organ toxicity (repeated exposure):	Not classified
	Aspiration hazard:	Not classified

**Section 12: Ecological information**

12.1	Toxicity	
	No additional information available	
12.2	Persistence and degradability	
	Not relevant, product is an article.	
12.3	Bio accumulative potential	
	No potential.	
12.4	Mobility in soil	
	Not relevant, product is an article.	
12.5	Other adverse effects	
	Effect on ozone layer (only in case of Sulphur Hexafluoride leakage):	No known effects from this product.
	Global warming potential [CO <sub>2</sub> =1] (only in case of Sulphur Hexafluoride leakage):	22200

**Section 13: Disposal considerations**

13.1	Waste treatment methods	
	Waste treatment methods:	Dispose of contents/container/article in accordance with national regulations.
	Waste disposal recommendations:	Refer to manual or contact supplier if guidance is required.

**Section 14: Transport information**

UN number 3363  
 IMDG and IATA marking

9 Miscellaneous

**Road/Rail transport (ADR/RID)**

Exemption Not subject for ADR/RID  
 UN number 3363  
 Proper shipping name Dangerous goods in apparatus  
 Class 9  
 Labelling No labelling according to ADR/RID, see section 1.1.3.1 b  
 Other Information Carriage in accordance with 1.1.4.2.1

**Sea transport (IMDG)**

UN number 3363  
 Proper shipping name Dangerous goods in apparatus  
 Class 9  
 Approval Subject to competent authority approval, YXLON has obtained a global permit which customers can use.

**Air transport (ICAO-TI / IATA-DGR)**

UN number 3363  
 Proper shipping name Dangerous goods in apparatus  
 Class 9  
 Passenger and Cargo Aircraft Forbidden  
 Packing instruction - Passenger and Cargo Aircraft Only -  
 Cargo Aircraft Only Forbidden  
 Packing instruction - Cargo Aircraft Only -

Product family (Item numbers)	Gas amount of SF6 in grams (g)
Mobile X-ray generator XMB/HMB 160 kV 9421-170-30552	990 <sup>1)</sup>
Mobile X-ray generator XMB/HMB 225 kV 9421-170-30502	965 <sup>1)</sup>

1) Exceeds the allowed limits on passenger and cargo aircrafts.

#### Section 15: Regulatory information

Not available.

#### Section 16: Other information

Full text of H-phrases as mentioned in section 3: H280 Contains gas under pressure; may explode if heated.

Additional information: This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should therefore not be construed as guaranteeing any specific property of the product.
